# OUR STORY

## **A case for protecting the environment**

We design ITSKINS cases to offer extreme protection for everyone. We were the first to make Certified Drop Protection affordable and uncompromising. That's why our cases are used by extreme sports professionals, enthusiasts, and you. We're a brand of firsts.

We made the first cases to incorporate antimicrobial technology. We were the first case brand to have its own factory. We were the first case brand to build its own recycling facilities. Leadership comes naturally when you have a clear vision to pursue.

## **Our vision is protection**

In forests, mountains, deserts, and cities - ITSKINS is there, protecting your devices. We strive to extend that protection to the whole planet. We want our children, and their children, to experience the same thrills of discovering nature and pushing their limits.

## **Striving for zero impact and zero waste**

You can protect the planet by creating zero impact and zero waste. Everything we do is to that end. We have implemented sustainable technologies. We embrace sustainable practices. We do this better than other case brands because we own our manufacturing facility, giving us complete control.

We control everything that comes into the ITSKINS ecosystem, everything that happens inside of it, and everything that ships out. Our sustainability begins with quality and proprietary raw materials, often natural and recycled. It continues with providing the best conditions we can for our people on the production floor. And it ends with us always working towards zero waste.

This is why we installed specialised machinery in order to enable in-house recycling, allowing for a giant leap forward in waste reduction

## **Our goal**

The best protection for your device and the planet. Sustainable cases in sustainable packaging. Every day we get closer. This drive, this focus on sustainability, is ingrained in our values. We do the right thing for the sake of doing the right thing, not because it is required.

# IMPACTHANE

PROUDLY PRODUCED  
IN OUR FACTORY

## ANTIMICROBIAL ACTIVE 24 / 7

ITSKINS protective cases are made from IMPACTHANE, our custom high-performance antimicrobial polymer. Blending our technology with the latest scientific advancements, we not only protect your phone from everyday shocks and extreme impacts, but we also help keep your phone microbe-free.

**IMPACTHANE**

PROTECTS OUR PHONE **IN MORE WAYS THAN YOU REALISE**

UNPROTECTED  
CASES

IMPACTHANE PROTECTED  
AFTER 5 MINS

**UP TO 60%**  
MICROBES KILLED

IMPACTHANE PROTECTED  
AFTER 2 HOURS

**UP TO 99.99%**  
MICROBES KILLED

When **ITSKINS** was designing **IMPACTHANE**, we didn't just stop at Drop Protection. Not only do we protect your phone, we help protect you. **IMPACTHANE** is infused with nanoparticles that are invisible to the naked eye, but fatal to microbes.

Our ion anti-microbial technology works at a cellular level to continually disrupt the growth and reproduction of micro-organisms. This creates a multi-point attack, damaging the protein, cell membrane, DNA and internal systems of bacteria, mold, yeast, algae and many common viruses.

   
PROUDLY PRODUCED

**ADVANCED IMPACT  
PROTECTION**

**ABSORBS AND DISPERSES  
MULTI-G SHOCKS**

We further enhanced IMPACTHANE by molding it into our patented HEXO-TEK 2.0 Honeycomb Air Cushion structure which delivers unmatched drop protection within a Super Slim profile.

# HEXOTEK

HEXOTEK™

THE FIRST LAYER  
OF RESISTANCE

ADDING RESISTANCE  
ON IMPACT  
WITH THE SECOND LAYER

## OUR ULTIMATE TECHNOLOGY HEXOTEK

Using air as a mattress to absorb the shocks, the honeycomb - design micro air pockets now have an extra layer that enables a 2 Step resistance against Kinetic energy generated if you drop your phone.

SPRINT

# LEVEL 02 // ANTI SHOCK

3 METER / 10 FEET CERTIFIED

Clear as our Determination, Slim as our Odds. Tough as we are.

IMPACTHANE Custom polymer moulded with HEXO-TEK™ XTRA Pocket Technology, Super Slim, High Performance with military-grade Drop Protection.

**ANTIMICROBIAL // SMART POLYMER**  
IMPACTHANE built-in microbial defense protects from many common germs and reduces microbes by up to 99.99%.

**STAY CLEAR // LONGER**  
Custom Anti-Yellowing TPU Polymer offers Military Grade shock absorption with a Slim profile.

**ADVANCED // RAISED EDGES**  
Signature lip designed to protect your device and camera lens from flat falls.

**ULTRA RESPONSIVE // BUTTONS**  
Enhanced buttons with Crisp, Tactile Reactivity.

**AIRPOCKET // TECHNOLOGY**  
Air Pocketed Crowns & Edges absorb and disperse shock on impact transferring energy away from your device.

**HEXO-TEK™ XTRA  
ANTISHOCK**

Two enhanced layers of our patented hex-tube shock dispersal micro-structure for advanced device protection

IMPACTHANE built-in microbial defense protect from many common germs and reduces microbes by up to 99.99%\*

IT SKINS

The image features a concrete logo set against a background of green grass. The logo consists of a central horizontal bar with the words "IT SKINS" in a bold, sans-serif font. Above and below this bar are two identical, thick, U-shaped concrete elements that curve upwards and downwards respectively, framing the central text. The concrete has a light, speckled texture.
